### Senior High 4-H

Welcome back to school and another exciting year of 4-H activities. This year I will focus more on middle school and high school events in an effort to better help you with project work for DPA portfolios.

We have several new high school 4-H'ers that are moving up from the junior program. We would like to welcome you and encourage you to become active in the high school 4-H program.

High school 4-H will provide you with many opportunities to prepare for college and the work place. More importantly it will give you a chance to have fun with friends.

You will also have many opportunities to help as a 4-H teen leader. You can use these hours toward key club and other community service clubs and organizations. Community service and involvement is great for college applications. Please take advantage of the 4-H teen leader opportunities.

### Dear Parents

In an effort to better prepare your 4-H'er for college and the work place, I will be focusing on some more leadership development opportunities with them this year.

There are some things that I would like to encourage you to do to help.

Get your 4-H'er involved in

a DPA project early and have them keep a calendar of activities they do at school, home, church and with 4-H.

Encourage them to attend DPA, Fall Forum, State Council and camp! But most important they need to attend monthly meetings and teen leader activities. We want all the high school 4-H'ers to win Teen Leader I or II.

#### **Cloverleaf Officer Induction**

We need  
high school  
4-H'ers to serve as teen  
leaders for the Cloverleaf  
Officer Induction.

We need you to help train new  
officers on how to conduct  
meetings say the 4-H pledge  
and represent their class. We

need one or two of you to  
volunteer to give a 4-H  
demonstration on Monday or  
Tuesday. I need teen leaders  
for both nights.

This is also the first two nights  
of the petting zoo. I need  
volunteers at both. Please  
commit to at least one activity  
during those two nights.

**Thank you for your help.**
